Hi Edward,

I'm not sure how you come to conclusion that I don't want to meet with you or hear your concerns when we had two scheduled meetings that you cancelled. When you sent your initial email message last week Thursday about speaking for 5 minutes, you never indicated what you wanted to talk about. If you want me to investigate your claims, I would be happy to meet with you when you return to campus next week.

There are:

- 1) one pending filed investigation on the mediation I canceled, that is one violation for sure.
- 2) one pending filed investigation regarding housing and ADA discrimination also schedule.
- 3) two filed for age discrimination and retaliation which are founded. These two have to be refiled since the appeal of my charges were denied.
- 4) Mrs Jones charged me again with a no contact order on the same day of the last hearing, this time I will retaliate!
- 5) Now I have to drop a class, because a homosexual professor does not like me. This the 4th homosexual professorial that have done this; not mention the drug--also homosexual student that filed against me twice--drug addict student.
- 6) Now my health is being compromise.

And they want to mediate????!!!! Am I going to Law School???

Please cancel the meeting; I do not think you want and can do anything about it.

Mr. Moser,  
US dept of Education  
Civil Rights Unit.

These are the complaints filed with the US dept of Education Civil Right unit, and some supporting evidence. These complaints do not consider the attached statement made by Mr.DaRosa implying age discrimination "I got home to find a 53 year old on my couch" (school cough on on-campus housing) see attached. Mrs. Melissa Jones (preliminary hearing examiner and comflicit of interest) and her Boss Mr. Ernie Palmieri, allow the complaint and issue a 1 year suspension (next information) without proof of any wrong doing; the suspension is being appealed. The issue of the Police officer misconduct and filing false statements--please see affidavit of affirmative defense sent to SUNY Attorney Mrs. Wendy Kowalczy-- a request for an internal investigation is being request to the authorities of the University Police, since the officer admitted to wrong doing, allegation he was new in the force. Please see attached his report; also note that emergency procedure in case of fire does not applied to me for the following

reasons 1) my on-campus housing was my permanent address and only address, hence, my constitutional protection under 4th Amendment to the US Constitution " Prohibits unreasonable searches and seizures and sets out requirements for search warrants based on probable cause", which is also a "fundamental rights" --Please see POE ET AL. v. It is important to note that on the pre- hearing conducted by Mrs. Melissa Jones, she did not allow any ADA accommodation to be presented; saying "there was no accommodation on file for housing", seen attached housing accommodation. On the issue of intimidation persecution, no proper ADA accommodation housing using the "what if" rule of civil tort-negligence, has a casual relationship to the ADA violation, that "new students have preference" over DAD, please see attachment.

Please note that the preliminary hearing held last Tuesday with Mrs. Melissa Jones was attended also by my school adviser Mrs. Kathleen Ceng.

+++++++=NOTICE++++++=  
Please be advised that with this last incident, which caused the on-campus housing to be vacated, and which violation may not be the last, since the school's main goal at this time is to retaliate, legal action is US Federal Court is imminent; hence, I hereby demand a thorough investigation form your part, as your mandated by the law and appointment by the US Government and by the US dept. of Education; this investigation must thorough and by the book on these last complaint, since the lack transparency and bias behavior on others complaints can be casually proved and to avoid an "writ of mandamus" to be filed in US Federal Court,

**Subject:** RE: DISCIPLINARY SPECIFICATION OF CHARGES - Morales, Edward

In response to the alleged charges filed against my self, Edward Morales, I herein present affirmative defense to the charges:

++++++Affidavit++++++

The DeRosa issue.

I, Edward Morales, hereby certify that the following statement is the truth and an exact depiction of the facts, contesting the unsubstantiated charges herein below issue Ms. Meli Jones; On the second week of Feb. I received an email from Kyle Saud, (on-campus housing staff), in which he notified me of the opportunity to swap housing with Mr. Einstein Correa lk2. Mr. Correa contacted me via email and cell phone several times explaining to me, " he urgently needed to move out of his on-campus housing due to severe abuse on the part of his room mates"--implying both of them. Mr Correa; being from a Hispanic background; spoke t in Spanish too. Because of my need to move to a more financially unfeasible unit-AV1, whic became imperative, since I had accumulated a negative balance on my student account caused non-compliance of my need for an ADA-accommodation which had been requested by my adviser M Kathleen Ceng in October of last year. I accepted the swap of the apartment housing with condition that I will have to view the apartment (lk2) to be swapped. Mr Correa invited me the apartment where we would meet. Upon meeting at the lk building on or about the same time upon entering the apartment the odor of marijuana was overpowering and disturbing, I did mention to Mr. Correa my allergies to it. I asked Mr. Correa if both his room mates smoked marijuana, and he responded with; "only one: De Rosa", and that he smoked inside; he also : that money had been stolen (\$100) from him at one time by the other roommate while he was o the shower. I met this last roommate the next day and asked who were the students that smoke marijuana inside the apartment? he replay..."Derosa" he also mention that he was abusive because he was 23 years of age, and he was only 19; he also mentioned that Mr. Derosa was a sexually active gay inside the apartment and that he would drink beer heavily and that he w extremely dirty an careless with his activities. To my understanding of the apartment lay-out Mr. DeRosa changed the living-room configuration by moving the sofa to the diner room and preceded to set his computer on top next to my assigned deck and the monitor table coffee t that he had moved to the diner-room so he would have his own study room, which by the way w seeded with emptied beer bottlers and what appears to had been used sucks and underwear. Th last place was were the smell of marijuana was stronger. I preceded, in front of the other mate, to move Mr. Derosa's computer from my assigned deck to the coffee table that was nex it, with-out disconnecting it, since it was on and live with the screen on and working; ple note that I am extremely littered in terms of computer hardware and software, enough to know what works and not. Later that evening when I meet Mr.Derosa he proceed to work with his computer and did not made any comments about who moved the computer and/or any malfunction it. He did recognize that he did smoke marijuana in the apartment and that he was not going do it any more. He the proceeded to showed a book with the drug and asked me if it smell? He also mention that he was on probation for the same reason, and he did not want any problem; also said that he was going to clean-up. That night I left and spent the night outside; the next day I came back, they were gone both students. Please note that I did not spent any ti overnight with these students. It my belief that Mr. DeRosa due to his powerless addiction create a situation or scape to get another housing arrangement in which he would continue w his bad habits.

On the issue of the Fire alarm, please refer to the email sent to Mrs. Wendy Kowalczyk (attorney for SUNY) regarding the police matter, which is also being investigated by an out side agency.

My apartment here school is my only and permanent address, thus assistance was not available, hence it cannot be mandatory and penalized, and community standards should follow ADA accommodation pressing charges. In my own apartment--inside--is not school property, and if a police officer that is disrespectful inside my home, does not have provable cause that a crime has been committed for going into my bedroom when the bread on the toaster burnt, which is highly a "Damages, defaces, destroys, or tampers with property owned by the college or in the possession of another person", I have the right to ask him to leave. I do have the police report in front of me, I will email it to you tomorrow. The police report distort the facts--as usual-- it does not mention that the officer requested "driver license" instated of the school ID"since I do not fit the student profile" and "he was sure that this could not be my permanent address". I have the right to terminate any permission to enter my protected home, when if I feel threatened to be arrested if I do not produce my driver license, he later called his supervisor and he told leave the premises, he then apologized and saying "he was new on the job" This same police report was use for the configuration of the charges, and inside my home is not school grown, specially when it is my only permanent address. Having said this, it is

only provable that the school again is acting in retaliation by issuing charges that are extreme, unconstitutional, misleading, and since they have communicated to other official "they will get me expelled before graduation"--referring to residential life. Right now I have a better care to retaliation that during last summer, since this accusation are not founded. You must remember all of this for burnt toast; you tell me it is not base on retaliation?  
> I am not sure about the other charges but I have filed a complaint about an discriminator action against one professor, which I sent to him 2 days ago. The next day I get charged with "Fails to respect the ongoing legitimate functions of classes, meetings, office procedures, study, sleep, or any authorized College activity", you tell me if this is not retaliation

**FW: Search for new provost**

Could you elaborate on this email, and explain in brief what Mrs. DeCooke's role would be in "search"--she is very biased on her character, and this is worrisome?

You do not have to do this, but it will help.

I would like to update you on the search process for the new provost. We have selected the firm Archer-Martin Associates to handle the candidate identification process. I have asked Farrin and Michelle Stewart to co-chair the search committee. Other members of the committee faculty and staff members: Adam Brown, Peggy DeCooke, Peter Denenberg, Rachel Hallote, Chry Ingraham, Stephanie McCaine, Peter Ohring, Christopher Robbins and Jonathan Rohner; and stu Christina Blankenship and Amy Crehore.

The search process begins next week with initial meetings conducted by the search firm. The firm will conduct interviews and work with the search committee to develop a job description leadership profile essential to a successful search. Candidates will be identified over the several weeks. I am hoping that we will have finalists for campus visits in March, 2013.

A special thanks to the search committee chairs and members for taking the time out of their schedules to undertake this important task on behalf of the college. I am sure that you all join me in supporting the members of the committee as they go through this process.

++++++NOTICE++++++

Please be advised that as of Dec 22nd 2012 (last year), my legal permanent and only address is here in campus. For purposes of school residential policies which may include university police procedures (remember last summer) I get full protection under the US Constitution and the NY State laws, in terms--but not limited--to my rights to privacy, freedom of speech and others. These may not be so different than other students, since university students do also get full protection under the US Constitution, see: Tinker v. Des Moines Independent Community School District, 393 U.S. 503 (1969); where the court stated: "students do not shed their Constitutional rights at the school door", a landmark sentence and case. I hope this can avoid mistakes similar to the housing discrimination of last summer.

Disclaimer,

this email document may be used as legal notification and/of awareness of my legal rights.

Thanks to all.

Mrs.

Bianchi.

This morning the 8:30 am bus driver did not stop at my request at any stop but the CCN stop. The driver was very rude. I went speak to Donna Salter (director of Transportation), she was also very rude. Mrs Salter is note the only time that uses derogatory (unpolite) word and expressions, and she is never in a customer service mood. I explained to her that I am disabled students as she new, and I have classes At the Starbucks building. She said that buses have to keep schedule and that the schedule was not to be changed for me. She did not explained to me why the bus did not stop nearer the Starbucks building. On the bus there were other students that back me up on my complaints. It was my understanding that Mrs. Salter did called the police because I was upset. I was upset because she was rude but never disrespectful. I also have the wright to complaint since I am paying for the service. On the way to class I stop and spoke with the police and I explained the issue. Also police continue asking for Driver License, where they are not supposed to if school ID ism provided.

+++++REQUEST+++++  
Mrs Ronnie Mait.

I, Edward Morales, being a Partially--Permanent Disabled person, hereby request transportation accommodation on the 8:30 am bus from CCN to the next stop CCS.
